- Do **not** include information on pre-school or pre-K students in the responses.
- Children who are students of distant learning programs (such as online schools) that participate in any activities on a school campus, such as sports, **should** be included in your school's total count.
- Please review and validate the online information prior to submitting your school's immunization information.
- Please fill out all required sections. Do **not** leave any sections blank.
- You will not be able to complete the survey unless entry is made in all fields.
- **If your school's information is incorrect, you will be contacted by the Nevada State Immunization Program.**
